Hi! My name is **Iosu ALTUNA** and I´m 15 years old. My birthday is on February 13th . I live in a small village, 22 km from Pamplona in the north of Spain. It´s called Olagüe. There aren´t many things to do. There are two pelota frontones. In summer I play pelota there with my friends. I live in a big house with my parents and my brother on the first floor. On the second floor live my grandparents. I study at Ibaialde´s secondary school and I´m in 4th A class. I´m a good student and I´m good at Basque and English but my favourite subject is Maths.

My name is **Iosu OLÓRIZ**. I live in Huarte with my parents.

Huarte is a big village in the north of Spain near Pamplona. In Huarte there are about 3500 inhabitants but these number is growing very fast because the town council is building a lot of blocks of flats.

Huarte, now, is very interesting because we are in the middle of the festivals. This week we are in the festival and there are a lot of things: there are a lot of stands, there are rock concerts... but the rest of the months Huarte isn't boring because there is a cinema and a lot of shops of all kinds of things: videogames, clothes, snacks, computers... in the very big commercial centre called Itaroa.

I'm Iosu and I'm fifteen. My parents are Jesus and Pilar and we live in a flat at San Francisco street number seven, 3rd left. I haven't got any brothers or sisters but I've got a lot of cousins. I'm middle height and I am slim too. I've got short brown hair and brown eyes too. I've got long eyelashes and brown eyebrows too. My nose is little and my mouth and my ears are little too. I haven't got a lot of freckles.

I like wearing blue trousers and jumpers with light colours. I love red t-shirts and trainers but I hate wearing boots or shoes. I like wearing tracksuits too. I like cycling and playing tennis but I hate other sports like football. I like playing computer games too.

My father is called Jesus. He is a waiter and he works in a pub. He is 6tall and a bit fat. His hair is black but he has some white hair. He likes wearing trousers and a shirt. My mother is called Pilar. She is a housewife. She isn't tall and she is slim. She has wavy short brown hair.

My parents are very active persons and they talk a lot, but I'm very shy, in general, but with my friends I talk a lot. At school I'm a very active person but sometimes I'm a bit lazy too. I'm good at Maths, Chemistry and Spanish and English languages.

In Huarte I've got a grandfather too. He is tall and fat and he's got white hair but he is a very good person: he is very active and he talks a lot and is very friendly. He likes cycling and walking. He is the best grandfather of the world.

I live in a very beautiful and small village, 25 Km from Pamplona. There, I live in a very big house with my parents and my brothers and sister.

I have two brothers called Javier and David and a sister Lucia. My best brother is Javier. Javier is 12 years old, he is very good-looking but he is a little bit moody with the people that he doesn't know. He is slim and tall. He has black hair and brown eyes.

My parents' names are Imelda and Manuel. My mother works in an office. She is the secretary. And my father is a farmer, he has got cows. He loves his work.

I like playing handball and I have played it until last year, now I don't play it because my shoulder has gone out three times, and the doctors say that I can't play because it is very dangerous for my shoulder. Now only I go every Saturday morning to watch my team matches. This is the only thing that I can do.

I love watching football matches on TV. My favourite football team is Osasuna, the local team, but I like Real Madrid football team too.

In my free time I like listening to music and going out with my friends and going shopping with them.

I have to say that my village is small and it is true, but sometimes strange things happen there. In my village we live about two hundred inhabitants, and there are a lot of children. My village's fiestas are around the 15th of August. And they are five days long.

Hello, my name is **Leire SEGURA** and I'm a student at Ibaialde High School, a public high school in Burlada, a village next to Pamplona. My phone number is 948132518 and my e-mail is leiresegura@hotmail.com.

In my opinion, I'm a good student, I always study for my exams and I nearly always pass them. I work hard because I think studying is very important for my future and because when I pass an exam, I feel really happy with myself. My parents never annoy me about my homework because they know I do it.

I live in a large flat in Burlada with my family, which is formed by my parents, my younger brother and me. My mum's name is Maria Victoria and she is forty- two years old (I know it isn't polite to say a woman's age but I think that is a stupid idea) and she is a civil servant. She is 1'60 metres tall and she has got dark hair with some streaks. She has got big eyes and I think she is quite beautiful. She can speak French and I sometimes ask her about my doubts. My mum likes reading and practicing hill-walking. My dad is Arturo, who is forty- four years old. He is tall, with fair hair and blue eyes. He's an agriculture engineer and he loves the countryside. He is really funny and he helps me a lot with my personal problems. I could say he is my confidant. He likes Maths and helps my brother with this subject's homework. He also likes going to his village and he is mad about ancient cars.

Mikel is my brother, he is ten years old. He is the spitting image of my father. Mikel loves cars too and he's mad about tuning. He is always annoying me, we fight all day long. But he knows I love him. In the future, he would like to be a pilot or a mechanic. I think that in ten years he will have finished studying mechanics. I have got long fair hair and brown eyes and I'm tall and slim. My birthday is on 26th November and I am fourteen years old. I am talkative and I love participating in contests and doing lots of things. We don't have a pet. We all like animals but I think that in my flat, although it is big, there isn't enough place for a dog, for example.

In my free time, I love listening to music, going out with my friends or talking to them by Internet. I'm mad about dancing, I go to a dancing academy four times a week. I started learning funky two years ago and this year I'm going to start learning latin styles. At school, I like PE and foreign languages. I think they are really necessary. I like wearing jeans and fashion T-shirts. I love rock music, my favourite rock group is Koma. Last summer, I went to one of Koma's concerts and it was great, fantastic! The singer gave me two kisses and when we meet each other in the street, he always says "hello" to me. It is easy to meet him because he lives in Burlada.

In the future, I would like to be a journalist or a dancer. I think journalist's job could be funny because I like writing compositions and working at Ibaialde's magazine. In my opinion, working in a newspaper must be a very interesting job. But I love dancing too. From my point of view, it is more difficult to find a job as a dancer but I will try it.

That is my life. What do you think about it?

MY FAMILY AND ME

Hi! I'm a young boy and I'm going to talk something about me, my family and about my town.

My name is **Raúl VICENTE**, a student at Ibaialde Secondary School, this school is a public institute, it is in Burlada, a town near Pamplona and my city (Villava). In this school all my friends study and a lot of Villava's people.

I'm 15 years old, my birthday is on January 9. I was born in Pamplona. Although I live in Villava with my family. I'm a tall and slim young boy. I have got brown eyes, and I've got short, brown hair. Sometimes my friends say I'm very shy, but I think I'm real a chatterbox.

I love music (bacalao, flamenco, pop, heavy...) and I play the saxophone in the music school of Burlada. I started to go to the music school 12 years ago. I like very much saxophone's sound. Then, one of my hobbies is handball. I play handball with one of my friends, Fran. I train three days a week (Monday, Wednesday and Friday). I play this sport in Villava, in a very important handballs club. I don't know if I am good or not at handball, but I'm very tall, also I go to the Navarra's handballs selection. Then sometimes I play football with my friends.

I also go to the disco with all of my friends. We love the "El Baile" disco, It is in Huarte in a shopping-center. I don't like going to school or going shopping, I prefer watching TV and going to the cinema to watch terrors films. I like computer games very much. I always go with my friends to the local center for young people in the afternoons.

My family

My family and me, live in Villava. Villava is a town, but it is a small town. Villava is between Burlada and Huarte, and near Pamplona, about 3 or 4 kilometres to it. In Villava live all of my friends and also some of my relatives (my granny, my uncle, cousins...).

Villava has got more of 10.000 inhabitants more or less. There are a lot of schools, shops, a big church, some parks, good sports installations, an indoor swimming pool and very good people.

In two weeks time, it will be Villava's festivals. I think, Villava's festivals are the best festivals in the world. I suppose that in this year, I will have a very good time.

In Villava, we live in a flat in the centre of my town. The flat is not very big, but it's very comfortable and I like it, also my bedroom is one of the biggest in my house.

- My mother's name is Juana Maria, she is 45. I love my mother because her personality is the best. She is a very hardworking woman, very confident and an honest woman. Her work is secretary, she works in Pamplona at the Agency Tributary. (*Treasure Department*)
- My father is a shy man. He is called Elicio and he's 49 years old. Before he played handball in Pamplona. He has got a lot of sisters and brothers. My father works in Pamplona at a toy shop.

- I've got one sister, I love her!!! She is a pretty, pretty young girl. She is shy but when she talks, doesn't stop talking. Now she is 18, but in November she will be 19. She studies in the hospital, but in the summers she works in a shop of Villava. Now she's thinking about going to England to practise English.

This is my family, but I have got more relatives in Barcelona, Mendillorri, Berriozar, Pamplona, Burlada, Aragon...
